GOD'SPOWER-OTALI

SOFTWARE ENGINEER | TECH ENTREPRENEUR | CODE INSTRUCTOR | LIFE COACH

CAREER OBJECTIVE

A seasoned software engineer with over 19 years of experience in Information and Communication Technology (ICT), specializing in mobile and web application development, software engineering, database administration, and graphic design. Passionate about leveraging technology to solve complex problems, drive business efficiency, and empower individuals. Seeking to contribute technical expertise and strategic insight to organizations focused on innovation, profitability, and sustainable growth.

PROFESSIONAL EXPERIENCE

Lead Software Engineer, Wetin Dey Integrated Technology Limited

September 2018 – Present

- I lead a multidisciplinary software development team as Chief Code Instructor, overseeing company operations while spearheading the development and launch of the Wetin Dey App on Amazon App Store, and designing custom MVP software solutions across retail, hospitality, microfinance, pharmacy, gas plants, schools, and cooperative societies.

IT SUPPORT, Sckye Hospitals Limited, Akure, Ondo State

January 2025 - Present

IT SUPPORT, First Octet MFI, Akure, Ondo State

January 2023 - Present

Chief Code Instructor, Wetin Dey Code Academy, Akure, Ondo State

August 2018 - Present

- Code Instructor for Front-end and Back-end Web/Software Development Course

Graphic Illustrator and Book Designer, Tabitha Ciyamba Nseka, Ireland

March 2023 - Present

- IT Support and responsible for designing and illustrating all books published for printing in Ireland and e-book sales on Amazon, Selar and all digital platforms.

Software Engineer and IT Support, Global Olabod Resources Limited

July 2024 - December 2024

- Development of Ondo State Forestry Revenue Farmers' Sensor Software Solution.
- IT Support and Ad-hoc Staff to recruit, manage, train all personnel on the field.
- Data analysis of all Farmer details, payment and record management in Ondo State.

Web & Database Administrator, Odopos Properties Limited

2014 – August 2017

- Managed and optimized web applications and databases for the organization, ensuring efficient functionality and performance.
- Implemented systems that streamlined operations and enhanced the overall user experience for clients.

Web & Database Administrator, Zion Services Nig. Limited

2013 – 2014

- Administered and maintained web-based applications and databases, ensuring smooth daily operations.
- Provided technical support and implemented updates to improve performance and scalability.

Manager, IT Resources & Computer Systems Maintenance, Cedars Connections & Communications

2010 – 2014

- Managed the provision of IT resources, including hardware and software supplies, ensuring system functionality and maintenance.
- Delivered comprehensive technical support, solving complex hardware and software issues.
